The summer heat finally caught up with me.
1
Every day I played on the beach...
And every day I ate green tea milk shaved ice, too.
2
Ginger ale, plum soda, watermelon juice...
I had them every day.
3
I had soumen with shiso leaves and eggplant, played in the water, ate ice cream...
Your stomach got chilled.
Have some warm barley tea.
4
Wow, it warms me right up!
Glad to hear it.
5
Now I can go back and enjoy summer some more!
You'll just end up right back where you started.
